FA-MOON CAT 200H

CATAMARANS

100% electric

ELECTRIC LEISURE BOAT / RENTAL-READY PLATFORM

PRODUCT ADVANTAGES

Heavy-duty inflatable boat hull

Easy transport & storage

Stainless steel ladder

Cup holders

Advertising-ready panels

30-minute quick assembly

Intelligent joystick control

Dual motor lifting system

Smart cloud platform

Safety barrier

Automatic safety detection

GPS positioning

Bluetooth audio connection

100% electric

PRODUCT PARAMETERS

SPECIFICATIONS	Dimensions	L 394 × W 224 × H 85 cm
	Passengers	4 passengers
	Hull Material	Double-layer dropstitch with welding seams
	Inflatable Model Weight	55KG
	Air Chambers	6
	Maximum Load-bearing Capacity	600KG
	Minimum Water Level	40cm
	Standard Package	Battery / battery charger / propellers / control system with cloud platform / GPS barriers
MOTOR & POWER SYSTEM	Motors	2000W x 2
	Battery	48V 75AH
	Battery Type	Ternary lithium battery
	Control System	Joystick control
	Battery Charging Time	4 hours (Replaceable battery)
	Runtime	3 hours
	Speed	10 km/h

SMART MANAGEMENT CLOUD PLATFORM

Through our smart management cloud platform, you only need a mobile phone or a computer to realize the full process of intelligent management of all boats, including task scheduling, real-time status monitoring, order management and fault management. The PC and mobile terminals are interconnected and compatible with Android and IOS.

- Order management
- Tour package settings
- Order timeout reminders
- Operational data statistics
- Data dashboard & Real-time monitoring
- Boats management
- Dock management
- Fault management & Maintenance
- User and role management

ELECTRIC LEISURE BOAT / RENTAL-READY PLATFORM

ABOUT US

- 15 years of experience in high-end water leisure products
- 100+ different countries
- 600+ global customers
- 140+ patents accumulated
- 35,000 square meters factory
- 45 inspection processes

OUR PRODUCTS

AI intelligent boat system

- Smart management cloud platform
- Boat autonomous driving system
- Boat assisted driving system

Smart water leisure series

- Smart luxury catamarans
- Smart electric motorboats
- AI-powered autonomous boats
- Smart floating platforms

Smart waters operation and maintenance series

- Water quality monitoring robot
- Water surface cleaning robot
- Water rescue robot
- Movable automatic charging dock
- Movable smart dock
